A: You can do both intellectual/
truth-seeking and social/
charisma stuff. They're
compatible.

ET: Social takes a lot
of effort away from
truth seeking.

ET: Opinion
on the lyrics
of Go The
Distance?

ET: You're judging how OK or not-OK
social/charisma stuff is without
understanding much about it. You should
learn how it works in detail before reaching
a conclusion.

A: If you don't
do social stuff,
people will treat
you negatively.

A: Do good
enough social
and stop
there.

ET: That's a separate issue
than understanding the nature
of social stuff and what
incompatibilities it has with
truth seeking.

ET: It's competitive. There's
no good enough because
other people will
outcompete you.
